## MISCELLANEOUS NEWS

### **PROCEDURES FOR SEVERE WEATHER**

In the event of severe weather conditions, please watch for an email notification from LCL's office and tune your radio and/or TV to WISN Channel 12 for school closings. Because weather conditions vary from one area to another, parents should use discretion in sending their son/daughter to school even though school may be in session on campus. A general guideline to use in making the decision would be to follow the decision made by your local public school district. Should a sudden snowstorm force school to close before the regular closing time, please make sure that your son/daughter knows exactly where to go and what to do should no one be home during the school day. An occasional "snow day" cancellation might involve the closure of campus and the cancellation of classes/activities. However, there may be some circumstances, due to recurring snow days, that necessitate the use of a "Digital Day" during which the campus is closed but academic activities will be hosted online for students through the school's learning management system, Schoology. In those cases, the campus closing announcement in the school email alert and the Schoology announcement will include the accompanying notice of a "Digital Day" and students should subsequently login to
